

The JELD-WEN Story

ABOUT JELD-WEN

As one of the world's leading manufacturers of windows and doors, JELD-WEN has approximately 20,000 employees across more than 100 locations in the Americas, Europe, Asia and Australia. The company's extensive product offering encompasses windows, exterior doors, interior doors and related building products that are sold globally through multiple distribution channels. JELD-WEN has been an ENERGY STAR® Partner since 1998. For more information on JELD-WEN, visit jeld-wen.com.

WINDOWS AND PATIO DOORS

JELD-WEN creates windows and patio doors to meet a wide variety of performance requirements and design preferences. Our wood and clad-wood products offer rich, warm visual appeal, vast custom capabilities and Auralast™ protection, while our vinyl products are both affordable and low-maintenance. What's more, our windows and patio doors feature a variety of design choices.

EXTERIOR AND INTERIOR DOORS

The range of JELD-WEN® doors is practically limitless. Choices include wood, fiberglass and steel exterior doors, carved medium density fiberboard (MDF) and molded and flush interior doors. We also produce an abundance of designs, including custom creations, to complement many styles of homes or light commercial projects.

RESPONSIBLE

PARTNERSHIPS IN BUILDING CERTIFICATION

JELD-WEN is proud to be a board-level member of the Green Building Initiative® (GBI), an initial member of the Living Product 50 cohort and voting member of the US Green Building Council (USGBC). The Living Product 50 is a group of leading manufacturers collaborating to transform the materials economy through transparency and supply chain innovation. GBI administers the Green Globes standard for commercial building certification in the United States, as the USGBC operates LEED® green building rating systems for both commercial and residential projects.

Dual-certified, JELD-WEN offers FSC®- or SFI®-certified wood options across a variety of window product lines and select styles of FSC doors. Additionally, JELD-WEN has taken a leadership role in material offerings through certifying our interior doors to a stringent Indoor Air Quality standard, GREENGUARD, and offering California Air Resources Board (CARB) Phase 2 compliant products.

JELD-WEN offers windows and doors that are qualified for use in projects to be certified to the National Green Building Standard® for residential construction.

PRODUCT PERFORMANCE

The American Architectural Manufacturers Association, the National Fenestration Rating Council and the Window and Door Manufacturers Association have certified many of our windows and patio doors. In addition, our exterior doors are certified through the National Accreditation and Management Institute. Visit our website at jeld-wen.com.

ENERGY STAR®

Many JELD-WEN® windows and doors are ENERGY STAR® certified. JELD-WEN has been an ENERGY STAR® partner since 1998.
